

# FIBROL PETROLEUM FP HTXX 400 & 800 GREASE

---

## FEATURES & BENEFITS

- Excellent extreme-pressure protection and load-carrying ability for equipment protection under heavy and shock loading and excellent high temperature oil bleed control.
- FP HTXX 400 bearing lubrication for operations up to 250° (360 F) and FP HTXX 800 bearing lubrication for operations up to 280° with proper re-greasing intervals
- An advanced polymer additive package which resists water washout
- Ability to absorb free water, without losing thickener consistency
- Extended re-grease intervals, reducing grease consumption
