

## FIBROL WARPING OIL

[Textile Oil]

### PERFORMANCE/ BENEFITS

- **Abrasion Resistance Antistaining:** Ensures less damage during slashing operation during warping improved weaving. Offers good finish to fabric.
- **Excellent Wash ability:** Leaves no stain on the yarn or fabric. Picks up less oil. No deposit formation.
- **Low Volatility:** Possesses excellent washability that facilitates easy removal of oil. Leaves no stain.
- **Superior Antistatic Property:** Prevents fibre pick up dust build up. Yarns can be easily arranged parallel to each other.
- **Reduction of Friction:** Special additive chemistry helps reduce friction between thread and metal. Reduces breakage.
- **Superior Antistatic Property:** Prevents fibre pick up dust build up. Yarns can be easily arranged parallel to each other.
- **Excellent Washability:** Possesses excellent washability that facilitates easy removal of oil. Leaves no stain.
- **Low Volatility:** Excellent resistance to evaporation even at high ambient temperatures. Reduces consumption and provides good working environment.
- **Rust and Corrosion Resistance:** possesses excellent resistance to rust and corrosion.
